

Welcome to the Finance Department

The Finance Department has custody of all public monies belonging to or under control of the City and deposits and invests all money of the City. The Department also collects and disburses upon authorization all monies received by the City.

The Finance Department staff is responsible for: payroll, accounts payable, accounts receivable, business licensing, sales tax administration (including collection), budget development and maintenance, financial statement preparation, and coordination of the annual audit. The Department also maintains the City's accounting system and is responsible for making policy recommendations to the City Manager and Council to preserve the long-term financial health of the City.

Mission: Provide the Citizens, City Council and Departments information with customer service, authenticity, and transparency.
