## Find a Site

Find the perfect Site for You

Thinking of relocating or expanding your business? Some amazing opportunities exist for your retail, commercial, or industrial business here in Evans. We have a great inventory of shovel ready land for sale, and we would love to talk with you about larger pieces for primary employment or commercial centers. Don't forget to look along Highway 85 – the City just formed an Urban Renewal Authority and is looking for private partners to redevelop that corridor. We have a friendly and incredibly quick annexation, zoning and development process. Contact us or any of the realtors on this page today!
